

The San Diego Chapter of the Grant Professionals Association is having their second San Diego Grant Writers Conference on Friday, March 8, 2024.

We are currently looking for presenters for several 1-hour breakout sessions throughout the one-day San Diego conference.

Topics can be anything related to grant writing but also here are some ideas of speaker needs from the 2023 conference you can speak to if you have the experience.

1. How to start a consulting business
2. Grant writing vs. fundraising
3. Seasoned grant writer workshop
4. Writing a powerful cover letter/narrative
5. Ethical storytelling, community centric
6. Grant funding trends/forecasting
7. Managing grant teams (building, managing)

Please send a few sentences of scope along with a few listed outcomes that an attendee would walk away with to Lauren Welch at lwelch@urbancorps.org by **August 31, 2023**. You can email Lauren with any questions as well.
